

# RZR Trail / Trail S Glass Windshield Install Instructions

## Hardware

SKU: ZL-RZTRL-WS-GLS-BLK-Y Fits: 2021 – 2022 RZR Trail /Trail S

- 2 – 1.75" Gray Billet Clamps
- 2 – 1/4" X 2.5" Bolts
- 2 – 1/4" X 3/4" Bolts
- 4 – 1/4" Flat Washers
- 4 – 1/4" Lock Washers
- 2 – 1/4" Clip-Nuts
- 4 – 10-24 X .5" Bolts
- 4 – 10-24 Nylock Nuts
- 1 – Short Handle Assembly

**STEP 1.** Install the vent opening assembly as shown in the picture. Use the 10-24 X .5" bolts and Locknuts to install.

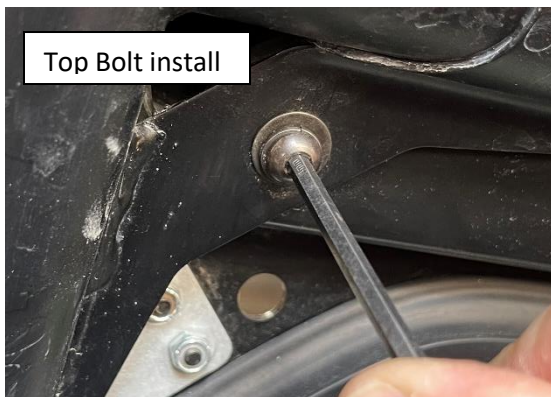

**STEP 2.** Install Clip-Nuts onto the top of the windshield frame as shown in picture, (this step may have been completed before shipping) The threads should be on the front side of the windshield.

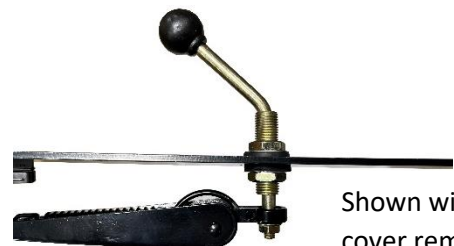

Place the two billet clamps as shown with the threaded hump on the back of the bar.

**STEP 3.** Place windshield on machine and loosely fasten in place using the .75" long bolts (with washer and lock washer) on the top mounts. Use the long 2.5" bolts with lock washer and flat washers to attach the bottom of the windshield by inserting the bolts through the windshield and billet clamp.

**Wiper Install:** Install wiper hardware as shown in picture. Remove plastic cover before installing by pulling it away from wiper arm. The rubber washers should be contacting the frame on both sides. Clip plastic cover back on after install is complete.
